Steamboat Springs, CO 80487

Mr. McNeal:

The Drinking Water Laboratory Certification Program (DWLCP) has reviewed ACZ Laboratories application for New Mexico drinking water laboratory certification submitted May 2, 2019.

DWLCP accepts ACZ Laboratories primary Utah NELAP drinking water certification CO000282019-22 for reciprocity drinking water certification in New Mexico. ACZ Laboratories New Mexico drinking water certification is valid for the list of methods and analytes in the attached laboratory scope of accreditation.

The attached NM certification to perform drinking water analysis in compliance with the Federal Safe Drinking Water Act (SDWA), pursuant to 40 CFR Part 141, and the New Mexico Environment Department (NMED) Drinking Water Bureau (DWB) Regulations for regulated contaminants is valid from August 1, 2019 until July 31, 2020. It is ACZ Laboratories responsibility to reapply for certification renewal in a timely manner before expiration, to continue performing drinking water analyses for SDWA compliance in New Mexico. ACZ Laboratories must advise the DWLCP of any major change in personnel, equipment, laboratory location, or accreditation by the State of Utah within 30 days of the change and continue to provide successful annual performance evaluation results to maintain certification. Additionally, ACZ Laboratories must also maintain the ability to successfully upload results to NMED/DWB's database of record at time of upload, for any samples analyzed for Public Drinking Water Systems regulated by NMED/DWB.

The DWCLP reserves the ability to reject drinking water certification renewal requests for any lab that does not analyze compliance drinking water samples in New Mexico.

Feel free to contact me at (505) 222-9552 if you have any questions or concerns.

Sincerely,

Bethany Anderson
Lab Certification Officer

New Mexico Environment Department Drinking Water Laboratory Certification Program

under Primacy Agreement with the United States Environmental Protection Agency, pursuant to the Safe Drinking Water Act Regulations, 40 CFR, Part 141 certifies that

ACZ Laboratories Inc. (Lab #CO00028)

2773 Downhill Drive Steamboat Springs, CO 80487

is in compliance with the criteria and procedures of the NM Drinking Water Laboratory Certification Program to analyze and report SDWA compliance data in New Mexico. The laboratory may perform EPA approved radiochemical analyses for NM public water systems for the contaminants listed in the attached laboratory scope of accreditation.

Certification Effective: August 1, 2019 - July 31, 2020

Joe Martinez, Certification Authority (Acting)

NMED Drinking Water Laboratory Certification Program
